Facility Name: Western Regional Sanitary Landfill (WRSL)

Facility Location: 3033 Fiddymment Rd., Roseville, CA 96747

Operator: Western Placer Waste Management Authority

Operator Contact: William Zimmerman (530) 886-4950

LEA Contact: Deborah Kirschman (530) 745-2300; dkirschm@placer.ca.gov

Introduction

Placer County Environmental Health Services, as the Local Enforcement Agency (LEA), is certified by the California Department of Resources, Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste facilities within its jurisdiction. WRSL operates under a Solid Waste Facility Permit (SWFP) issued by the LEA and has filed a Joint Technical Document (JTD), which describes the design and operation of the facility, with the LEA.

Description of Project

The operator has proposed changes to the JTD regarding an increase in the allowable use of Materials Recovery Facility fines as Alternate Daily Cover from 60 tons per day to 165 tons per day, and establishing a weekly maximum allowable use of 600 tons. No other changes in site design or operation are proposed.

Determination

The operator submitted an application package for JTD Amendments to the LEA on 8-03-10. The LEA reviewed the application and determined that the proposed changes are consistent with the requirements of the California Environmental Quality Act. The operator has simultaneously submitted copies of the application form to the Regional Water Quality Control Board and the Placer County Planning Director. A Notice of Exemption has been filed. The landfill currently operates under CUP #225. The LEA further determined that the proposed changes are consistent with the State Minimum Standards, and do not conflict with the terms and conditions of the current SWFP, pursuant to Title 27 California Code of Regulations (27 CCR), Section 21665(c). The LEA approved the JTD amendments on August 9, 2010. As required by 27 CCR 21660.1, the LEA is distributing this notice for the purpose of noticing its acceptance of the amendments to the JTD for the landfill. For information on the appeals process described in Division 30, Public Resources Code, Section 44307, call this office at (530) 745-2300.

Additional Information

Contact Environmental Health Services at 530 745-2300 for more information. Our office is located at 3091 County Center Drive, Suite 180, Auburn, CA 95603. The application and/or facility file may be reviewed by appointment.
